eCall™

SMARTPHONE APP

People around the world are more conscious about their environment

Millions of people in cities and buildings have been affected and are adjusting their life style

People are looking to socially distance and perform tasks while minimizing touch points

Elevators are a place where this can be difficult and touching buttons seems inevitable

CONVENIENCE

Call the elevator from your personal smartphone for less waiting time

SAFETY

Eliminate the need to contact physical buttons to help protect passengers from germs and virus spread

ACCESS

Building managers can provide easy access for passengers to use the eCall app

YOUR PERSONAL ELEVATOR BUTTON

- Call from anywhere in the building
- Cellular or internet cloud connection

ACCESSIBILITY

Optional long walk and extended door dwell for enhanced passenger convenience.

VIP SERVICE

Dedicated car option.

REGISTRATION

User self-registration or management controlled registration.

ONE APP. MANY BUILDINGS

1. Search
 2. Register
 3. Use
- Add a Building
